

## Priority Actions

Priority Actions			
Agriculture and Local Food	Completed	In Progress	Gaps
1. Undertake a community food system assessment to identify gaps and opportunities to connect local food growers and producers, processors, distributors, retailers and consumers	Ag Society Strat Plan complete - focus on agricultural education and local food. - community gardens, famers markets; Myrtle's Kitchen PPH	Greater Golden Horseshoe Ag. Assets Mapping project - have not seen final outcomes.	Community food system has been discussed but needs follow up - Future Food & Farming Working Group
2. Identify and protect existing farmland, and increase its capacity to supply local food needs.		Group has started local soil mapping program - led by OMAFRA/Ptbo Federation of Ag. Provincial Policy Statement addresses this as well - updating OP's.; PED workshops on Food & Farming; Ditribution & Processing standards;	Agricultural Strategic Plan for County
Climate Change	Completed	In Progress	Gaps
1. Become active members in Partners for Climate Protection Program to establish a baseline of greenhouse gas emissions	PCP membership completed. Milestone 1 complete.	Milestones 2-3 in progress; applied for funding to support key projects moving into CCAP implementation	Created an expectation, no staff resources to complete. In a good position to expand funding.
Cultural Assets	Completed	In Progress	Gaps
1. All municipalities in the Greater Peterborough Area should consider developing a Municipal Cultural Plan.	City has completed an MCP; Vision 2025 in progress and includes culture, parks, recreation, trails; Curve Lake & Cavan-Monaghan have done mapping exercises. Trent Lakes has a passport program, Warsaw Culture Days,	Training with FCM to work with FN - possible funding opportunities once completed (CEDE).SP applying for funding in partnership with Hiawatha & Curve Lake FN, County working on an archival inventory led by Sheridan among other projects re: culture; County passport	
Economic Development and Employment	Completed	In Progress	Gaps

1. Through community asset mapping, promote the region's abundant natural assets, its sustainability initiatives and industries, and its economic potential.		Evergreen Project - the area's natural assets identified as economic driver; UNESCO project; Way-finding program through new signage program throughout County & townships (PED& County); articles commissioned on environmental leaders;	Promoting Peterborough as a desirable destination ; look at economic infrastructure to support local entrepreneurs, farmers, etc.
<b>Energy</b>	Completed	In Progress	Gaps
1. Develop community energy plans in each of the Greater Peterborough Area's member communities, coordinated at a regional level.	Developed corporate energy plans, worked cooperatively on LED street light program, PUC & hydro One retrofit program,		
2. Establish energy efficiency standards for all new developments which would consider LEED certification in all new construction and for renovation.		Using County Courthouse as case study, creating strong resources - PDI, Hydro One, Enbridge, Incentives and opportunities coming up with regards to energy; Kinsmen Solar Panel project underway, City considering street light retrofit, converted stop lights to LED (almost complete); LEED standard for new Arena Complex; CCM looking to get LEED Platinum certification - lots of interpretation opportunities.	
<b>Healthy Communities</b>	Completed	In Progress	Gaps

1. Increase the availability of affordable housing throughout the entire Greater Peterborough Area.	Year 3 of completion of master plan (approved).	Working with Housing & Service providers for housing incentives; plan in progress to replace Brock Mission on site including transitional housing; The Mount, Knox, (S. Bacque re: Housing initiatives underway) HKCC, Healthy Communities, Age Friendly Plan, Community Wellness Plan, Active Transportation,	Seniors housing resources, social justice considerations
<b>Land Use Planning</b>	Completed	In Progress	Gaps
1. Develop and implement neighbourhood design guidelines that ensure equal opportunities for all – including pedestrians, cyclists, public transportation, and automobiles – relevant to both			Land use planning should link all initiatives together; older model of OP review; lack of focus/direction & communications; need for City planners to communicate with County & Twp counterparts
2. Effective communication & collaboration			
3. Policy Oversight			
<b>Natural Assets</b>	Completed	In Progress	Gaps

1. Adopt the 'Kawartha's...Naturally Connected" Natural Heritage	Yes.	OP incorporation; Vision 2025;	
2. Identify and help access financial incentives for environmentally sound land	Boyd Island	ORCA - shoreline revitalization & conservation, always looking at new opportunities.	
<b>Transportation</b>	Completed	In Progress	Gaps
1. Complete the proposed Short-Term Cycling Network as outlined in the City's Comprehensive Transportation Plan Update and integrate it to the greatest extent possible with existing and new cycling trails in the County.	Shimano "Our Routes", Lang-Hastings Trail - City link complete.	Active Transportation Master Plan for the County underway; way-finding signage to establish specific cultural routes	Expanding Shimano routes - outside the County; key County highways need paved shoulders; disconnect between local & provincial planning; promotional/marketing piece around trails, etc.
2. Assess innovative solutions to the mobility challenges facing rural people in the			Age-Friendly lacks public transportation solutions,
<b>Waste</b>	Completed	In Progress	Gaps
1. Identify and promote opportunities for the reuse or recycling of reusable goods and materials.	Mattress recycling program implemented		Link between waste & energy, greener natural gas source, City/Regional digester
2. Establish a curbside organic waste collection program	Pilot very successful, County implemented leaf & yard		
<b>Water</b>	Completed	In Progress	Gaps
1. Establish a water conservation and efficiency program that motivates water	Water meters completed. Source water protection plans	Low flow toilet replacement program	Public education re: septic systems
2. Find funding that will enable the inventorying and identification of shoreline and		ORCA working on this.	

3. Establish an integrated watershed management plan to promote ecological health within the GPA watersheds.		ORCA & other conservation authorities - Watershed management plans	
--	--	--	--

4. Establish closer ties with Parks Canada & TSW

Cross Cutting Concepts			
Education	Completed	In Progress	Gaps
1. Integrate education into all of the programs and activities connected to Sustainable Peterborough.	<ul style="list-style-type: none"> <li>-Indigenous studies and science programs at Trent</li> <li>-Trent hosted North American Envirothon</li> <li>-All diploma programs at Fleming have sustainability as an outcome</li> <li>-GreenUP and B!KE offer Pedal Power (cycling education)</li> <li>-GreenUP and the City offer On the Bus (transit education)</li> <li>-GreenUP Ecology Park offers nature education programs for children</li> <li>-GreenUP, Peterborough Utilities Group, ORCA, and others coordinate the Children’s Water Festival</li> <li>-GreenUP runs the Wonders of Water program for children</li> <li>-GreenUP's Green Business program</li> <li>-GreenUP and the Peterborough Utilities offer the WaterWise Landscape Recognition Program</li> <li>-GreenUP and Green Communities Canada coordinate the Ready for Rain Program</li> <li>-GreenUP Ecology Park offers community education workshops on fruit tree care, grafting, edible landscaping, etc</li> <li>-GreenUP offers a 6-session community beekeeping program</li> <li>-GreenUP (on behalf of four municipalities) delivers the Recycle Rangers waste education program</li> </ul>	<ul style="list-style-type: none"> <li>-UNU RCE: Led by GreenUP, Camp Kawartha, Fleming, Trent, the City of Peterborough, and many community volunteers, this diverse and broad partnership emerged to support the development of an application to the UN to see this region recognized and celebrated for its outstanding Sustainable Development education initiatives</li> <li>-Planet Protector Academy (PDI pilot)</li> <li>-The Pathways</li> <li>-Envirothon for Peterborough, the Kawarthas and Northumberland</li> </ul>	<ul style="list-style-type: none"> <li>-lack of involvement from the 3 school boards</li> </ul>

Collaboration/Integration	Completed	In Progress	Gaps
<p>Generally, individuals use their networks to form or join larger groups. This grassroots, bottom up approach is an effective community development strategy that can be used to implement the strategic directions in the plan. Continue to work together as Community Partners to find opportunities to combine efforts so that we can avoid duplication and minimize the resources required to move towards our Vision for sustainability.</p>	<ul style="list-style-type: none"> <li>-Healthy Kids Community Challenge</li> <li>-SP Working Groups</li> <li>-CCAP Task Forces</li> <li>-Maryam Monsef Subcommittee</li> <li>-Leap Manifesto and For Our Grandchildren</li> <li>-Nourish - collaborative focuses on access to healthy, local food, skills development, and advocacy</li> <li>-Active Neighbourhoods Canada: led locally by GreenUP, this project seeks to support residents in reimagining healthy, active public spaces in their neighbourhoods</li> <li>-Peterborough Bicycle Advisory Committee</li> <li>-Active and Safe Routes to School: Led by GreenUP, the City of Peterborough, local school boards, STSCO, and the Peterborough Police, this long-standing partnership seeks to support active transportation for the trip to school</li> <li>-Peterborough Children's Water Festival</li> <li>-UNU RCE: Led by GreenUP, Camp Kawartha, Fleming, Trent, the City of Peterborough, and many community volunteers, this diverse and broad partnership emerged to support the development of an application to the UN to see this region recognized and celebrated for its outstanding Sustainable Development education initiatives</li> <li>-Pathway to Stewardship</li> <li>-Peterborough Food Action Network</li> </ul>	<ul style="list-style-type: none"> <li>-UNU RCE: Led by GreenUP, Camp Kawartha, Fleming, Trent, the City of Peterborough, and many community volunteers, this diverse and broad partnership emerged to support the development of an application to the UN to see this region recognized and celebrated for its outstanding Sustainable Development education initiatives</li> <li>-partnership development</li> <li>-Evergreen project</li> <li>-re-engaging with Curve Lake (new subcommittee for sustainability and climate change)</li> <li>-5 municipalities projects - adaptation (CIGs)</li> <li>-Peterborough Public Health Food Charter</li> </ul>	<ul style="list-style-type: none"> <li>-re-engage with Hiwatha</li> <li>-the role of the province/leadership/tools - no conference specific to sustainability in Ontario</li> </ul>
Engagement	Completed	In Progress	Gaps
<p>1. Build the engagement of residents, community partners and other organizations into the ongoing implementation and review of Sustainable Peterborough.</p>	<ul style="list-style-type: none"> <li>-CCAP completed but potential For engagement still through Task Forces</li> <li>-SP Working Groups</li> <li>-Leap Manifesto and For Our Grandchildren</li> <li>-community engagement events SP attended (<a href="http://sustainablepeterborough.ca/wp-content/uploads/2016/02/Copy-of-Community-Events-2016.pdf">http://sustainablepeterborough.ca/wp-content/uploads/2016/02/Copy-of-Community-Events-2016.pdf</a>)</li> </ul>	<ul style="list-style-type: none"> <li>-Peterborough Public Health Food Charter</li> </ul>	<ul style="list-style-type: none"> <li>-City of Kawartha Lakes collaboration, get together, compare notes, discuss sustainability plans</li> </ul>

Plan Alignment	Completed	In Progress	Gaps
Align all future plans with Sustainable Peterborough to the degree to which this is feasible.	<ul style="list-style-type: none"> <li>-CCAP</li> <li>-Fleming 5 year master plan mentions SP</li> <li>-Vital Signs Report</li> <li>-Some SP Partners</li> <li>-Municipal Cultural Plan - City</li> </ul>	<ul style="list-style-type: none"> <li>-Lily Lake subdivision</li> <li>-City's Official Plan review</li> <li>-some SP partners</li> <li>-Transportation Master Plan</li> <li>-City Strategic Framework</li> <li>-County Strategic Framework</li> <li>-Age Friendly Plan</li> <li>-County Wellness Plan</li> <li>-Peterborough Immigration Partnership Immigration Integration Plan</li> </ul>	<ul style="list-style-type: none"> <li>-Municipal Cultural Plan - Townships</li> </ul>

Plan Implementation			
Community Partnership	Completed	In Progress	Gaps
